We have left the following items with Internet Guy Enterprises to research for the possibility of putting on eBay Auction, eBay Fixed Price, or their eBay Store. **Please provide as much detail as possible regarding each item, including, but not limited to, date, manufacturer, pattern, model number, history, background, etc. Also, please indicate next to each item as to what you hope they will sell for:**

Note: Quick general eBayability researches are free (up to 5 at one time). If you request further info and we determine your item(s) are eBayable and you do not eBay It with us based on our findings, there will be a \$5.00 per item research fee. To be eBayable, item(s) must each have a sell-through rate of at least 50% and have an average selling price of at least \$75 (\$200 for a set of dishes or any large lot set or collection) or meet your expectations as outlined above, whichever is higher. Sets and collections have a minimum \$10 research fee. Thank you.
